

# Joshua Adesomoju

## Frontend Web Developer

Frontend developer who builds fast, mobile-friendly websites and React apps for small businesses, startups and personal brands. I turn a design or a rough idea into clean, responsive code, test it on phones, tablets and desktops before handover, with regular progress updates and clean, documented code any developer can pick up.

### EXPERIENCE

#### Junior Web Developer TD Africa Mar 2026 to Sep 2026

Internship · On-site, Lagos

- Developed and managed efficient, visually appealing websites.
- Applied React and API integration to improve front-end functionality and user experience.

#### Web Developer Goshen Apartments and Suites Jul 2025 to Aug 2025

Contract · Remote, Ogun State

Developed a modern, visually appealing website for the business, strengthening its online presence. Built with HTML and React.

#### Marketing Assistant MaDop Professional Services Jul 2025 to Aug 2025

Apprenticeship · Hybrid, Lagos

Skills used: Adobe Photoshop, CapCut.

#### Data Analyst Spectrum Phones Ltd. Nov 2024 to Feb 2025

Seasonal · Hybrid, Lagos

Skills used: Microsoft Excel and Office, ERP systems, AI tools, customer service, negotiation.

### SELECTED PROJECTS

#### GoshenFoods Food ordering web app Full stack

- Ordering site for a Nigerian restaurant: customers browse the menu, fill a cart, pay and track their orders.
- Staff dashboards to receive and manage incoming orders.

HTML, CSS, JavaScript, Node.js, Express, PostgreSQL · [goshen-foods.vercel.app](https://goshen-foods.vercel.app)

#### Store Admin Dashboard React web app Frontend

- Live data from a public REST API: key figures, custom SVG charts with a table view, and a category filter.
- Sortable, searchable, paginated orders table and a restock list.

React, Tailwind CSS, REST API, SVG · [joshua-admin-dashboard.vercel.app](https://joshua-admin-dashboard.vercel.app)

#### Palmwine & Pepper Restaurant website Frontend

- Site for a fictional Lagos grill: keyboard-accessible tabbed menu, photo gallery and scroll-triggered animations.
- Table booking form with validation that knows the opening hours.

React, Tailwind CSS · [palmwine-and-pepper.vercel.app](https://palmwine-and-pepper.vercel.app)
